Catherine Landers
Field Deputy for the Hollywood Hills
Councilman Ryu
District 5
Via email:

Dear Ms. Landers:

There is construction debris which was dumped at the intersection of Byron Pl and Edwin Dr (90046 - The Laurel Hills community). We have been calling ; emailing; and sending myLA311forms for over 2 months asking that this debris be removed, with no luck. The city has come once and removed an unnoticeable amount of the rubble.

Can you get us some sort of action by the city to get this removed?

I am attaching a picture of the construction rubble and a picture of the intersection closest to the dump site.

Your attention is appreciated

Joann Deutch, Laurel Hills Homeowners Association
